

RESEARCH EXPERIENCE

Our research experience is wide-ranging, in terms of the kinds of entities with which we have worked (universities, civil society, public institutions and international organizations), the issues we have addressed (public policies, social movements, care, food sovereignty, masculinities, migration and intersectionality) and the geographic range of these (European projects, local, national and international research).

Public policy

- Research on policy coherence and the inclusion of Sustainable Human Development perspectives in the three Provincial Governments of the Basque Autonomous Region: construction of a framework for analysis (2017-2018) for the Basque NGO Coordination Board.
- Research on the Spanish and Italian cases within the European project QUING: Quality in Gender+Equality Politics (2008) on public equality policies. See: [Context Study Spain](#), [Context Study Italy](#), [Intersectionality in Gender Equality Policies for Italy and the EU](#), and [Issue Histories Italy: Series of Timelines of Policy Debates](#).
- Coordination and research on the Italian case in the European project [PROFIT](#) (Policy Responses Overcoming Factors in the Intergenerational Transmission of Inequalities), University of Padua, Italy (2004-2007). Research on public policies oriented to combat the intergenerational transmission of inequalities.
- Research on the Italian case within the European Project [WAVE](#) (Welfare and Values in Europe), University of Padua, Italy (2006-2007). Study on welfare services in relation to values in different European States.

Social Movements

- Coordination of the research area [“Social movements and critical cooperation”](#) (2011-2014) for the Hegoa Institute (UPV/EHU). Facilitation of research group and preparation of [diagnostic studies](#) on public cooperation policies and social movements.
- •Research for OMAL-Peace with Dignity on experiences of feminist resistance to trade agreements in Latin America (2017). Publication of the [results](#) and & [“How to read a free trade agreement”](#) (DAWN, 2018)

Food Sovereignty

- Facilitation and coordination of research process (2014-2015) for Bizilur and Etxalde on local public policies for food sovereignty and creation of the [Guide to Planting Sovereignities: Working Towards Other Ways of Living in the Basque Country. Proposals for the Construction of Local Public Policies from a Food Sovereignty Perspective.](#)

Care

- Conceptual and methodological coordination of nine research teams (in [\(Argentina, Bolivia, Chile, Costa Rica, Ecuador, España, Nicaragua, Paraguay AND Perú\)](#)) and research work in the Spanish State on the social organization of care and global care chains for the projects “Building Networks: Latin American Migrants in Global Care Chains” (UN-INSTRAW 2008-2010) and “Strengthening the Quito Consensus for the Empowerment of Women” (UN-Women, 2010-2011). See [Desigualdades a flor de piel: cadenas globales de cuidados. Concreciones en el empleo de hogar y articulaciones políticas](#) (UN-Women, 2011) and [La organización social de los cuidados y vulneración de los derechos en España](#) (UN-INSTRAW, 2008)

Masculinities

- Participation in the European Project [EQUI-X](#) on the construction of non-hegemonic masculinities among young people in order to prevent gender violence (2018-present, CEPAIM Foundation)

Migration and Intersectionality

- Participation in the “Study of the Health Conditions of TLGB Ecuadorians in Spain” (2015, Autonomous Regional Government of Pichincha, Ecuador) formulating the project, defining the research methodology, carrying out the field work and writing the [final report](#).
- Participation in the project “The Social Situation of the TLGB Migrant Population in Spain, From a Gender and Human Rights Perspective” (2011, UN-Women). Developing a qualitative research methodology, carrying out fieldwork, writing [a report](#), leading capacity-building workshops, and presenting the results.
- Participation in the European research-action project “Self-Defense IT: Migrant Women Defend Themselves from Violence in New Media” (Daphne program, 2011-2013) with the ESCODE Association in Madrid.
- Overseeing research in various countries (Lesotho, Philippines, Morocco, Columbia...) in the context of [various projects](#), in collaboration with international organizations (IFAD, PNUD...) on [remittances and local development](#) in the field of migration, gender and development (UN-INSTRAW, 2007).
